

Will be 50 years old!

We need your help!

We're looking for anyone and everyone who's been associated with the league in the past. We'd especially like to honor people from that first year, people who've achieved higher levels of success, pro baseball, college scholarships, high school teams, etc. Former board members, managers, umpires, or anyone who has interesting stories from 50 years of playing little league baseball at Montalvo Little League.

Do you have or know anyone who has old

Drop off anything you have or write a note with your knowledge or item you'd like to share with a board member at the snack bar or join a committee to put on a great kick off event commemorating our 50th year. We'd love to have a special logo, possibly a video presentation, a historical wall, and of course, a big opening day!
